

# Daytona

## Features

- Powerful 600W motor
- Safety turning sensor
- USB charging port
- 158kg weight capacity
- High comfort Captain's seat
- Front and rear suspension
- Smooth ride
- Compact, high performance scooter
- Front storage basket
- Small 1700mm turning circle

As the name suggests, the Daytona handles the corners with ease. Safety mode steering sensors give you the peace of mind to handle even the tightest corners with confidence. This small scooter punches above its weight with a powerful motor and battery combination in a sleek and modern compact package. Enjoy multiple driver comfort adjustments and cushioned all round adjustable suspension.
